

BEAUTY OF LIFE....

I am free to enjoy on this earth
but I think it's not sufficient in this birth.
To be the best ⁱⁿ my life
I should take a test of my life.

I enjoy my day with having lot of doubts
but unfortunately that makes my parents shout
I try reaching high position
but sometimes I ask myself why?

To enjoy a ride in a car
I must travel so far
when I cherish happiness in my heart
then thought that where I have lagged to start
