Unity in Diversity Celebration 2026

Greetings from Surana Vidyalaya!

India is known for its beautiful diversity of cultures, languages, traditions, and customs. To help students appreciate this richness, we are organising **Unity in Diversity**, a special celebration for our Grade 5 students.

The celebration will provide opportunities for students to:

- Discover the traditions and cultures of different Indian states.
- Explore the diversity of languages, festivals, and customs.
- Understand the importance of respecting different cultures.
- Express their creativity through cultural activities.
- Learn the values of friendship, equality, and unity.

This experience will help students understand that although we may have different traditions and backgrounds, we are all connected by the spirit of togetherness.

Let's celebrate our diversity and strengthen the bond of unity!

“Unity in diversity is the strength that brings us together.”

Warm Regards,
Principal,
Surana Vidyalaya
